8 dead as van hits stationary truck in UP, were returning from 'mundan'

Prayagraj: At least eight people, including five women and three children, were killed and 21 others injured Friday when their van rear-ended a stationary truck in Uttar Pradesh's Kaushambi district. The victims were returning to Kurawali village in Fatehpur from a mundan (tonsure) ceremony in Prayagraj when their van met with the accident around 4pm on Prayagraj-Kanpur highway (NH-2) in Saini area's Kurawli village, reports **Kapil Dixit**.

VAN DRIVER LOST BALANCE: POLICE

"The driver of the van lost balance and rammed into the truck," Kaushambi SP Rajesh Kumar said. The injured were rushed to hospitals. Some succumbed to their injuries in transit. CM Yogi Adityanath expressed condolences and announced Rs 2 lakh ex gratia for the kin of deceased and Rs 50,000 each for the injured.

₹2.4L cr shopping list for military gets nod

Items Include S-400 Units, Desi Bofors

Surendra.Singh
@timesofindia.com

New Delhi: In a major push for defence acquisition, govt on Friday granted approvals to various proposals worth around Rs 2.38 lakh crore, including for additional units of Russian-made S-400 long-range missile defence system and 155mm Dhanush (desi Bofors) gun systems. "The decisions taken in the Defence Acquisition Council (DAC) will help in further strengthening India's defence preparedness," defence minister Rajnath Singh, who led the DAC, wrote on X.

The approval for additional S-400 systems (likely to be 5 more units), which had helped neutralise Pakistani missiles during last year's conflict, has come at a time when IAF teams are in Russia to receive the fourth squadron under the earlier contract for five such systems. The fourth system is likely to arrive by May and the fifth one by Dec. Another big approval is for procurement of medium transport aircraft, most probably 60 of them, to replace IAF's aging transport fleet AN32 and IL-76 that help the force meet strategic, tactical and operational airlift requirements of the military. Embraer, Lockheed Martin and Ilyushin are the main contenders for the deal.

For the Army, DAC has given approval for air defence tracked systems, armoured piercing tank ammunition, high-capacity radio relay, runway independent aerial surveillance system and Dhanush howitzers. For IAF, DAC has approved remotely piloted strike aircraft and overhaul of Su-30 aero engine aggregates to increase service life of IAF's combat aircraft. For Coast Guard, DAC accorded AoN for heavy-duty air cushion vehicles.

India inks ₹445cr missile deal with Russia

The defence ministry on Friday signed a deal for procurement of Tunguska air defence missile systems from Russia and another contract for maintenance of its P8I long-range maritime reconnaissance aircraft fleet with Boeing India. The combined cost of the two contracts is Rs 858 crore, reports **Surendra Singh.** The contract for the procurement of Tunguska systems, valued at Rs 445 crore, for the Indian Army, was signed with JSC Rosoboronexport of Russia. Tunguska is designed to provide day-and-night protection for infantry and tank regiments against low-flying aircraft, helicopters, and cruise missiles in all-weather conditions. The deal will boost the Indo-Russian strategic defence partnership. The contract for the Inspection (depot level) of P8I aircraft for the Navy with 100% indigenous content, valued at Rs 413 crore, was signed with Boeing India.
