Russia bombards Kyiv, killing 21 in retaliatory strikes

KYIV

RUSSIA hammered Kyiv in an 11-hour missile attack overnight into Thursday morning, killing at least 21 civilians in the city and injuring scores more in what Moscow said was retaliation for Ukrainian strikes on Russian oil facilities.

Loud explosions shook Ukrainian capital, where more than 50,000 people sheltered in subway stations after authorities issued air raid warnings, the Kyiv Metro said. Emergency crews dug through the rubble of collapsed and charred buildings all day in search of victims. Russia's Defense Ministry said that bombardment was in response to Ukraine's recent barrage of long-range strikes, which have caused severe fuel shortages and put pressure on Putin.

Ukraine's frequent attacks inside Russia have targeted oil refineries, causing a fuel crisis that has frustrated Russians already feeling the war's economic toll. *AP*

US-Iran to hold negotiations after Khamenei funeral

Diplomacy holds after talks; Iran tells tankers to use approved routes or face a "forceful response."

DOHA

THE next indirect US-Iran talks will come after the late Iranian supreme leader's funeral, mediators said Thursday, as diplomacy inches ahead on ending the West Asia war.

Following the foes' indirect discussions in Doha, US President Donald Trump as well as mediators Qatar and Pakistan offered signs that diplomacy was holding, despite exchanges of fire this week. An interim deal was agreed to reopen the vital Strait of Hormuz and end hostilities, but major questions still need to be tackled in talks, including Iran's nuclear programme.

"Qatari and Pakistani mediators concluded separate meetings with the US and Iranian negotiators in Doha, with positive progress made," Pakistan said on Thursday.

Islamabad added the sides agreed to keep talking, "with the next meeting to be set at the earliest possible time following the funeral processions of the former Iranian Supreme Leader."

Shipping route warning

Iran's joint military command warned on Thursday that all oil tankers moving through the Strait of Hormuz must use its approved routes or face a "forceful response," ratcheting up tensions again over a waterway crucial for international energy supplies.

The statement from the Khatam al-Anbiya military command, reported by Iranian state television, comes after both US and Iranian diplomats met with mediators Wednesday in Qatar. It wasn't immediately clear what sparked the threat from Iran.

However, the US military's Central Command had put out a statement about a meeting with officials from West Asia nations in Bahrain that said "leaders underscored their shared commitment to the free flow of commerce through" the strait. *AFP/AP*

UNESCO warns Pakistan over Taxila reconstruction

ISLAMABAD

THE UN has asked Pakistan to reverse the "reconstructions" that "undermined the integrity" of two historical sites in Taxila, or these would be placed on agency's "danger list".

UNESCO, the cultural arm of the UN, in a recent meeting told officials that it would not hesitate to "delist" the historical sites at Mohra Moradu and Sirkap, just like it had "delisted" a World Heritage Site in Germany, due to the recent "unnecessary interventions." The UN agency warned that it would "delist" Taxila from its World Heritage List if the actions were not reversed. *PTI*
