

Iran ramps up strikes as new leader signals no let-up

IDF said it hit a critical nuclear site near Tehran; oil jumps to \$100 per barrel, stocks sink worldwide with no clear end of war in sight

IRAN continued its missile attacks on Gulf neighbours across the region and Israel on Thursday, the 13th day of the war, as its newly-elected supreme leader Mojtaba Khamenei vowed to continue attacking Gulf neighbours till its objectives are achieved.

The IDF said it hit a “critical” nuclear site near Tehran. The site near Tehran, identified by the military as the Taleghani compound, was hit during waves of strikes, IDF said on Thursday.

Iran said it wants to ensure that a war will not be imposed again on it in the future, deputy foreign minister Majid Takht-Ravanchi told AFP. "We want to see that war is not going to be imposed again on Iran," said Takht-Ravanchi in an interview in Tehran. Iran's Revolutionary Guards vowed to keep the strategic Strait of Hormuz closed. The minister also rebuffed US claims and said Iran is not laying mines in the Strait of Hormuz.

German shipowners Hapag-Lloyd said that one of their cargo vessels in the Gulf caught fire after being "hit

with shrapnel" overnight, adding that no one was injured. Only vessels from China and a few countries that Iran has recognised were allowed to pass through the Strait of Hormuz. "Some countries have already talked to us about passing the strait and we have cooperated with them," said Takht-Ravanchi. The International Maritime Organization (IMO) announced an "extraordinary session" next week to discuss threats to shipping in the Middle East and particularly in the Strait of Hormuz.

The US military has said it is "not ready" to escort tankers through the critical Strait of Hormuz because all its assets are focused on striking Iran. The Israeli military moved further into southern Lebanon, telling residents to "move immediately north of the Zaharani River", 40 kilometres (25 miles) from the Israeli border. It said Iran-backed Lebanese group Hezbollah had launched "approximately 200 rockets" towards it overnight, in what it said was the biggest barrage of the war so far.

Iran arrests nearly 200 over war-related activity

PARIS: Iranian authorities have arrested nearly 200 people nationwide over alleged activities linked to the US-Israeli war, according to the US-based Human Rights Activists News Agency (HRANA). The group said at least 195 people were detained in cities including Tehran and Tabriz on charges ranging from social media activity and sending footage to foreign media to espionage and disturbing public order. The Revolutionary Guards said 10 people who filmed strike locations and shared the footage abroad had been arrested, with their “confessions” broadcast on state TV.

Ukraine awaits White House nod for major drone deal

KYIV

UKRAINE is awaiting White House approval for a major drone production agreement proposed by Kyiv last year, Ukrainian President Volodymyr Zelenskyy said on Thursday, as countries scramble to modernise their air defenses after the Iran war exposed shortcomings.

The proposed US-Ukraine deal would cover various types of drones and air defenses that operate as a single system capable of protecting against swarms of hundreds or even thousands of Iranian-designed Shahed drones and missiles, Zelenskyy said in a message on social media.

“We have not yet had the opportunity to

sign this document," Zelenskyy said. Russia, which invaded its neighbor just over four years ago, has fired more than 57,000 missiles at Ukraine, the Ukrainianian Shaped drones at Ukraine, the Ukrainianian Foreign Ministry said earlier this week. It launched more than 8000 drones and decoys in its biggest nighttime barrage of Ukraine. Iran has responded to joint US-Israeli strikes by firing the same type of drones at targets in the West Asia.

A Patriot air defence missile costs \$3-\$4 million, while a Shahed drone costs about \$130,000-\$150,000, Zelenskyy said, noting the US produces 60-65 Patriot missiles a month. Ukraine has also developed low-cost drone interceptors costing just a few thousand dollars, reshaping air defence. *AP*
