New US tariffs to come in at lower 10% rate

WASHINGTON, REUTERS

The United States imposed a new tariff from Tuesday of 10% on all goods not covered by exemptions, the US Customs and Border Protection said, and the rate first announced by President Donald Trump on Friday rather than the 15% he promised a day later.

Reacting to the US Supreme Court ruling that threw out tariffs it deemed were illegally justified on grounds of an emergency, Trump initially announced a new temporary global tariff of 10%. He said on Saturday he would increase it to 15%.

But in a notice described as intended to "provide guidance" regarding the February 20 Presidential Proclamation, CBP said that, aside from products covered by exemptions, imports would "be subject to an additional 10% tariff rate." The move added to confusion, with no explanation offered in the notice for why the lower rate had been used.

Sensex plunges 1,000 pts

Equity benchmark indices Sensex and Nifty tumbled more than 1% on Tuesday, dragged down by heavy losses in IT stocks and concerns over Al-led disruption and renewed trade-related uncertainties. BSE Sensex plummeted 1,068.74 points. Details on Page 14

However, another White House official said on Tuesday that the administration is working to increase the rate to 15% from the 10% rate. The official said Trump has had "no change of heart" on his desire for a 15% tariff.

The Section 122 law allows the President to impose the new duties for up to 150 days to address "large and serious" balance-of-payments deficits.

Kerala is Keralam now as Centre clears name change

Cabinet decision following resolution passed by Kerala to rename state

SHEMIN JOY
NEW DELHI, DHNS

Kerala will soon be called 'Keralam', after the Union government set in motion the process of renaming the state.

The decision, which comes months ahead of the Assembly election, was taken at a meeting of the Cabinet chaired by Prime Minister Narendra Modi.

While Kerala government's proposal has been accepted for West Bengal's demand for changing the state's name to 'Bangla' in Bengali, 'Bengal' in Hindi and 'Bangal' in English and Odisha had not been accepted as it is opposed to government as it is opposed to having three names in different languages.

HOW STATES ARE RENAMED
Article 3 of the constitution empowers Parliament to form a new state, increase/diminish the area, alter boundaries, or change the name of any state

- The President's recommendation is usually referred to the state legislature before a Bill can be introduced in Parliament
- The President usually refers the Bill to the state legislature concerned to express its views
- Parliament is not bound by the views of the state legislature

TIKORA VIJAYAPURA DIST.

Grape growers in Vijayapura district, renowned for producing premium-quality grapes, are facing multiple challenges just as their produce is nearing harvest.

At a time when farmers have begun harvesting grapes and placing them on racks for raisin preparation, rain that lashed on Monday has triggered serious concern. For the past two to three days, the weather has been unstable, with a likelihood of unseasonal showers. Farmers have harvested grapes and spread them on racks to dry for raisin production. However, cloudy conditions and intermittent drizzles can cause the grapes placed in drying units to turn black.

A farmer from Sönadevalahatti in Tikora taluk has harvested grapes and placed them on a rack to make raisins.

First rains of season

Vijayapura city and parts of Tikora taluk received the season's first rain of Monday evening, accompanied by thunder and lightning. The rain has brought relief to the district, which had been reeling under early summer heat. Despite

'Social values essential for true respect in society'

VIJAYAPURA, DHNS: People forgets values can grow into a force detrimental to society only when they build their lives by embracing social values, said writer Ashok Hanchali. He noted this while delivering a lecture on 'Social Values and Personal Relationships' at a program held at Excellence Science Pre-University College in the City. Hanchali observed that a person who

giving good prices since last year and the market remains favorable this season as well, unseasonal rains could severely impact their livelihoods, they expressed concern. 'Officials must respond' Karnataka State Grape Growers' Association state president Abhaykumar Nandekar said: "Grape harvesting has just begun and only around 30% of the crop has been harvested so far. The remaining 70% is still on the vines. If the grapes placed in raisin units get wet, they may turn black, leading to a price fall. Moreover, if unseasonal rain or hailstorms hit the crop still in the fields, the berries may crack and spoil. Rain already lashed Vijayapura and Bagalkot districts. If grape growers in the district suffer losses due to rain, officials concerned must immediately visit and respond," he urged.
