Silver rises Rs 1,500 to Rs 2.51 lakh/kg in Delhi

NEW DELHI, May 5 (PTI)

SILVER prices climbed Rs 1,500 to Rs 2.51 lakh per kilogram in the national capital on Tuesday, tracking a firm trend in global markets as geopolitical tensions in West Asia kept the commodity sentiment supported. The white metal had closed at Rs 2,49,500 per kg in the previous session.

However, gold of 99.9 per cent purity fell Rs 300 to Rs 1,52,500 per 10 grams (inclusive of all taxes). The yellow metal had finished at Rs 1,52,800 per 10 grams on Monday.

CIL commissions 100 MW solar power project

NEW DELHI, May 5 (PTI)

STATE-OWNED CIL on Tuesday announced the operationalisation of a 100 MW solar power project in Gujarat, marking a milestone in its renewable energy push.

In a filing to the BSE, Coal India Ltd (CIL) said, “it has received the commissioning certificate...From Gujarat Energy Development Agency (GEDA) for 100 MW capacity Solar Power Plant (in) Gujarat w.e.f. 31.03.2026.” Coal India Limited, a Maharatna PSU under the Coal Ministry, has been ramping up its renewable energy portfolio.

‘India ranks 5th among world’s most spam affected nations’

NEW DELHI, May 5 (PTI)

INDIA ranks as the fifth most spam-hit country in the world, with sales and telemarketing calls driving the menace, according to a report by Truecaller.

Indonesia topped the global list of the most spam-affected nations, followed by Chile, Vietnam, and Brazil.

The insights, based on anonymised and aggregated data from Truecaller’s global user base of 500 million, revealed that the platform identified more than 68 billion spam and fraud calls worldwide in 2025.

In India, which recorded a spam intensity of 66 per cent, the nature of unwanted calls showed a strong commercial bias.

Sales and telemarketing calls accounted for the highest share at 36 per cent, followed by financial services at 18 per cent. Scams contributed 12 per cent of all spam activity in the country.

Mahindra Holidays CFO Vimal Agarwal resigns

NEW DELHI, May 5 (PTI)

MAHINDRA Holidays & Resorts India Ltd on Tuesday announced its CFO Vimal Agarwal has resigned on account of his transition to a new role within the Mahindra Group, and the company’s board approved the appointment of Rajiv Vimal as its Chief Financial Officer effective July 1.

On account of transition to a new role within the Mahindra Group, Vimal Agarwal, Chief Financial Officer (CFO) and Key Managerial Personnel of the Company, has tendered his resignation from the services of the company effective close of business hours on 30 June 2026, Mahindra Holidays and Resorts India Limited informed in a regulatory filing.

Govt specifies 40 sub-sectors for faster clearance of FDI proposals from land-bordering nations

NEW DELHI, May 5 (PTI)

RARE earth magnets and printed circuit boards are among 40 sub-sectors identified by the Government for expedited clearance within 60 days of FDI proposals from China and other countries sharing land borders with India.

The Government has also laid out procedural guidelines for foreign direct investment (FDI) proposals from these countries - China, Pakistan, Bangladesh, Nepal, Bhutan, Myanmar and Afghanistan - in the specified sectors or activities, according to the updated standard operating procedure for processing of FDI proposals.

The move follows a decision by the Government in March to process and decide FDI proposals from these countries in specified manufacturing sectors or activities within 60 days.

However, it has stated that in these cases, the majority shareholding and control of the investee entity will be with resident Indian citizens or resident Indian entity owned and controlled by Indians at all times.

The 40 sub-sectors are under six broad sectors - capital goods manufacturing, electronic capital goods and electronic com-

ponent manufacturing, polysilicon (and ingot-) wafers, advanced battery components, rare earth permanent magnets, and rare earth processing.

The sub-sectors included manufacturing of insulation items; castings and forgings required in thermal/ hydro/ nuclear power plants; machine tools; display components (plasma, polymer, LCD, LED); camera module; electronic capacitors; speakers and microphones for ICT products; Li-ion batteries; wearables; and rare earth metal, alloy and magnet making facility.

Prioritise energy security for keeping growth momentum going, says RBI MPC member

MUMBAI, May 4 (PTI)

THE ongoing West Asia conflict has highlighted India’s structural vulnerability to energy shocks, reinforcing the need to reduce dependence on imported crude and accelerate efforts to strengthen energy security, according to an external member of the RBI’s rate-setting panel.

Nagesh Kumar, who is the director of the Institute for Studies in Industrial Development and also a part of the Monetary Policy Committee, said the Indian approach needs to focus both on stepping up oil exploration domestically and hastening the transition to alternative sources.

“The high dependence on imported crude makes the Indian economy highly vulnerable to volatility in the hydrocarbons market. While India’s macroeconomic fundamentals remain resilient, and the Indian economy will continue to remain the fastest growing major economy with

a growth rate of nearly 7 per cent in 2026-27, it is time to prioritise energy security and resilience for sustaining the accelerating economic growth trajectory,” Kumar said in an interview with PTI.

The West Asia crisis has impacted the economy through multiple channels, including higher import bills, pressure on the rupee, and rising input costs for industries.

The blockage of key supply routes has further aggravated concerns, pushing crude prices higher and complicating the inflation and growth outlook. Kumar noted that India imports a significant portion of its

crude oil and natural gas requirements, making it highly sensitive to geopolitical developments in West Asia.

Kumar emphasised that the crisis should serve as a wake-up call for long-term policy action, which should include stepping up domestic exploration of oil and gas, expanding strategic petroleum reserves, and accelerating the transition towards alternative and cleaner energy sources.

“The West Asia crisis has helped to highlight the criticality of reducing the dependence on imported crude through greater investments in exploration--offshore as well as onshore-- , building larger strategic reserves, greater electrification or transitioning towards electricity for fuel requirements in factories and homes, and accelerating the clean energy transition,” Kumar said.

**PROCLAMATION REQUIRING THE APPEARANCE OF ACCUSED PERSON**

**See Section 82 Cr.P.C.**

Whereas complaint has been made before me that accused **Sanjay Shyamnani, R/o: H.No. 321, Hemu Kalani, Madhav Nagar Ward, MES Colony, Murwara, Madhya Pradesh** has committed (or is suspected to have committed) the offence in case **CC No. 834/2021 U/s 138 NI Act, P.S.: Moti Nagar, Delhi** and it has been returned to a warrant of arrest thereupon issued that the said accused **Sanjay Shyamnani** cannot be found and whereas it has been shown to my satisfaction that the said accused **Sanjay Shyamnani** has absconded (or is concealing himself to avoid the service of the said warrant).
