Iran hits UAE after US warships enter Hormuz

Ceasefire faces strongest test yet, US says passage opened in Strait of Hormuz; 3 Indians injured

DUBAI/WASHINGTON

A drone strike caused a fire at an energy installation in the emirate of Fujairah, UAE, on Monday, and left three Indian workers injured hours after President Donald Trump said US guided-missile destroyers crossed the Strait of Hormuz.

"Three Indian nationals sustained moderate injuries and have been transferred to the hospital to receive necessary treatment," the Fujairah media office said in a post on social media. The UAE's defence ministry and state news agency said a fresh Iranian barrage had targeted the country.

"Four cruise missiles launched from Iran were directed toward various areas across the country. Three were successfully engaged over the country's territorial waters, while one fell in the sea," the defence ministry said. In Oman, two people were injured when a residential building

was targeted in Bukha along the coastline of the Strait of Hormuz, state media reported. Later, the US military said it has opened a passage through the Strait of Hormuz and

reached out to dozens of shipping companies to encourage navigation through the waterway. Admiral Brad Cooper, commander of US Central Command, told reporters dur-

ing a phone news conference that US military helicopters have sunk six Iranian small boats that were targeted by US naval vessels in the Strait of Hormuz. It is the latest test of the ceasefire between Iran and the US.

Earlier, the US military said US destroyers had successfully transited the strait. The military's Central Command said the two American-flagged merchant ships had successfully transited the strait. The military said the ships were "safely headed on their journey" after transiting the Strait of Hormuz. It said Navy guided-missile destroyers in the Persian Gulf were helping to restore traffic. Its statement on X said that US destroyers had successfully transited the strait. It did not say when the Navy ships arrived or when the merchant vessels departed. In response to Trump's announcement, a senior Iranian official warned. Agencies

Hezbollah: fighters clashed with Israeli forces amid ceasefire

BEIRUT

HEZBOLLAH said its forces clashed with Israeli soldiers on Monday in south Lebanon near the border where the troops are still operating, despite a ceasefire since April 17. Hezbollah said in a statement that after Israeli troops attempted to advance near the town of Deir Saryan—which is inside the Israeli-declared "yellow line" where Lebanese residents have been told not to return—its fighters "opened fire" on the enemy force and engaged in heavy clashes with them.

The Israeli military confirmed there were clashes with Hezbollah fighters in south Lebanon. "Earlier today, two IDF soldiers were moderately injured as a result of a close-quarters encounter with Hezbollah terrorists in southern Lebanon," the military said in a statement. "The soldiers were evacuated to receive medical treatment at a hospital." AFP

3 die on Atlantic cruise ship from suspected hantavirus infection

PRAIA

THREE people have died on a cruise ship in the Atlantic, the WHO said Sunday, as it confirmed a case of hantavirus—an illness usually transmitted to humans from rodents.

The outbreak occurred on the MV Hondius, travelling from Argentina to Cape Verde. "To date, one case of hantavirus infection has been laboratory confirmed, and there are five additional suspected cases," the World Health Organization told AFP. "Of the six affected individuals, three have died and one is currently in intensive care in South Africa."

Earlier Sunday, South Africa's health ministry told AFP there had been an outbreak of a "severe acute respiratory illness", which had killed at least two people, with a third intensive care in Johannesburg. The patient tested positive for a

hantavirus, a family of viruses that can cause hemorrhagic fever, South African spokesperson Foster Mohale said.

In its statement, the WHO said hantavirus infections "are typically linked to environmental exposure (exposure to infected rodents' urine or faeces)". "While rare, hantavirus may spread between people and can lead to severe respiratory illness and requires careful patient monitoring, support and response."

The first person on the cruise to develop symptoms was a 70-year-old passenger. He died on board the ship and his body was currently on the island of Saint Helena, a British territory in the South Atlantic. Mohale, the South African spokesman said, His 69-year-old wife also fell ill on board and was evacuated to South Africa, where she died in a Johannesburg hospital, he said, adding that they were not yet able to confirm the victims' nationalities. Ukraine drone hits Moscow residential high-rise in rare attack

MOSCOW

A Ukrainian drone hit a residential high-rise building in an upscale Moscow neighbourhood in a night-time attack, the Russian capital's mayor Sergei Sobyanin said on Monday.

The rare strike on heavily protected Moscow came just days ahead of Russia's annual May parade, which this year will be held without military hardware amid a heightened threat from Ukrainian strikes. "A drone crashed into a building in the area of the Mosfilmovskaya (street). There are no casualties," Sobyanin said, referring to an expensive district next to the Moscow film studio and some 10 kilometres from the Kremlin. He added that the

two drones that targeted Moscow were repelled by air defences during the night. Another Ukrainian drone was hit over the Russian capital in the busy morning hours, Sobyanin said in a later post.

Russian state broadcaster Rossiya-1 published a video showing collapsed walls and broken doors inside a damaged apartment. The May 9 parade, to mark the victory over Nazi Germany, has become a central event during President Vladimir Putin's rule. But Ukrainian drones rarely reach Moscow. AFP
