'CBSE portal was hacked; 50 children got into the system'

Sources: Issue Led To Abnormal Fee Displays

New Delhi: The CBSE revaluation portal's payment system was hit by a "malicious attack", with around 50 students getting affected, government sources have said. "There were some unauthorised attacks on the portal. The payment gateway was with respect to HDFC about 50-odd children had got in after the hack," a source said.

According to the sources, the issue led to abnormal fee displays on the portal, where the payable amount in some cases fluctuated from around Re 1 to nearly Rs 67,000-68,000.

"I think out of fun or out of mala fide intention, one rupee was shown and then Rs 67-68,000. So, there were about 50 children in whose cases the amount had changed," the source said. The glitch was linked to the HDFC payment gateway integrated with the system and occurred when the portal went live. "I think the portal was not functional for quite some time. There were issues with respect to the amount where 50 children came in, and they (hackers) manipulated the system," the source said. Four PSU banks – State Bank of India, Canara Bank, Indian Bank and Bank of Maharashtra – have also been integrated as additional payment gateways.

Experts from IIT Madras and IIT Kanpur, along with the Digital Infrastructure Corporation of India, are examining the system and strengthening the portal and payment gateway integration, the source said.

"The teams are examining the code and the system to make it seamless and glitch-free," the person added On May 24, Union Education Minister Dharmendra Pradhan held discussions with Union Finance Minister Nirmala Sitharaman on the payment and technical issues faced by students during the CBSE post-result and revaluation processes. National Students' Union of India (NSUI) members protest over the CBSE Class 12 OSM controversy in New Delhi on Saturday

Congress seeks CBI probe into 'emerging scandal'

New Delhi: The Congress alleged an "astonishing mix of incompetence, corruption, and callousness" marked the CBSE's planning and implementation of the Class 12 Board exams, reiterating its demand for Education Minister Dharmendra Pradhan's resignation and a full CBI probe into the "emerging scandal".

Senior Congress leader Jairam Ramesh flagged two investigations – one by CBSE Class 12 student Sarthak Sidhant and another by a newspaper – and said they had raised fresh questions over the CBSE's intent and preparedness in introducing the On-Screen Marking System (OSM) for the Class 12 Board exam.

In a post on X, Ramesh referred to media reports and posted 10 questions, saying parents and students were seeking answers from Prime Minister Narendra Modi. PTI

'Vishwaguru can't conduct single exam'

New Delhi: Congress leader Rahul Gandhi Saturday accused PM Narendra Modi of having "completely destroyed" the country's education system and said the government has been unable to conduct even a single examination properly while making claims of being a "vishwaguru".

His remarks came after the National Testing Agency said the CUET-UG 2026 for admissions into undergraduate degree programmes across India was delayed at some centres on Saturday due to a technical glitch.

In a post in Hindi on X, Gandhi said, "NEET, CBSE, SSC, and today, CUET. Four examinations. One crore students. Not a single one could be conducted honestly."

"Claims of being a 'vishwaguru', but are unable to conduct even a single examination within the country – Modi Ji has completely destroyed the entire education system," Gandhi said. "The very generation whose future you are ruining – that same generation will hold you accountable," the Leader of the Opposition in the Lok Sabha said, attacking the PM. PTI

Court frames charges against Sukesh, 20 others under MCOCA

New Delhi: A Delhi court on Saturday ordered framing of charges against alleged conman **Sukesh Chandrashekar** and 20 others for various offences, including under the stringent MCOCA provisions, in a case registered by the city police's special cell.

Additional Sessions Judge Prashant Sharma said, "I conclude that based on record and appreciation of the present case, the accused persons have prima facie committed offences. They have to be charged with the said offences."

The court ordered framing of charges against Sukesh for personating a public servant, extortion, cheating, criminal intimidation, criminal conspiracy, along with IT Act provisions and MCOCA sections for committing an organised crime and possessing unaccountable wealth on behalf of members of an organised crime syndicate. It also ordered framing of similar charges, except for the offence of personating a public servant, against Sukesh's wife Leena Paulose.

The court also said that charges be framed against 17 others for various penal offences, and under the IT Act and MCOCA provisions for committing organised crime. Three others were ordered to be charged with offences of criminal conspiracy and cheating.

All 21 accused persons have been summoned on June 3 for the formal framing of charges, following which the trial in the case will commence. MCOCA, or the Maharashtra Control of Organised Crime Act, 1999, is a law enacted to combat organised crime syndicates and terrorism. PTI

TCS: Tech issue caused delay of 2 hours in morning shift

▶From P 1

In a statement, NTA said its technology partner, Tata Consultancy Services (TCS), had reported a technical glitch that delayed commencement of CUET-UG at some centres. It said the issue had been resolved and that candidates were being given full compensatory time to ensure no student was disadvantaged. "Morning-session candidates are being given the full duration of the paper and may exit only after completing it," NTA said, apologising for the inconvenience caused to students and parents.

TCS, which operationalises the computer-based examination for NTA, said a brief technical issue had caused a delay of around two hours in the morning shift. The company said the problem was promptly identified and resolved and maintained there was no impact on the sanctity of the examination. NTA said it has also asked TCS to conduct a root-cause analysis and submit its report immediately. "Most candidates (about 95%) were able to complete their exam once it resumed. We understand that 3,765 candidates who were present and had completed biometric registration chose to leave before the exam could restart. For these candidates, NTA will hold a re-scheduled examination as a one-time measure. The new date and details will be announced separately," it said.

The glitch affected centres across cities. Some candidates reported exams being cancelled, while others said students left centres amid confusion before the issue was resolved.

Cong: Pradhan Mantri-Mantri Pradhan jugalbandi destroying hopes of youth

New Delhi: The Congress on Saturday alleged that the "Pradhan Mantri-Mantri Pradhan jugalbandi" is destroying the hopes and aspirations of lakhs of youth across the country by "messing up" the education system, encouraging the "infiltration of third-rate academics chosen by the RSS", as well as enabling "large-scale corruption". The opposition party's attack came after the CUET-UG 2026 for admissions into undergraduate degree programmes across India was delayed at some centres on Saturday due to a technical glitch. PTI
