‘Gear up for monsoon sowing, intensify vigil in flood-prone areas’

The Hindu Bureau
KALABURAGI

Ikram Shariff

Kalaburagi Deputy Commissioner Ikram Shariff on Tuesday directed officials of agriculture and allied departments to put in place all arrangements for the forthcoming sowing season as monsoon activity gathers momentum across the district.

Chairing a meeting of the District Disaster Management Authority to review monsoon preparedness and precautionary measures, Mr. Shariff said agriculture-related departments should be prepared to meet farmers’ needs during the sowing season.

He said the Horticulture Department had reported crop damage on over 45 hectares following recent rains, while the Agriculture Department was yet to submit its assessment.

He said the district currently has adequate stocks of agricultural inputs, including 11,634 tonnes of urea, 9,583 tonnes of diammonium phosphate and 13,990 tonnes of complex fertilizers. Around 5,000 to 6,000 tonnes have already been distributed, he added.

Observing that substantial rainfall had not yet been received in many parts of the district, he advised officials to create awareness among farmers against premature sowing. There is no shortage of seeds or fertilizers, and tahsildars and Agriculture Department officials should educate farmers accordingly, he said.

“As many as 153 villages that are vulnerable to flooding have been identified. Officials must remain in constant touch with authorities in neighbouring Maharashtra and obtain information in advance whenever water is proposed to be released from reservoirs. Timely warnings should be given to residents of riverbank villages,” he added.

The Deputy Commissioner stressed the need for extensive public awareness campaigns to prevent lightning-related deaths and directed officials to ensure that no loss of human or animal life occurs due to floods or heavy rains.

“We need to identify dilapidated school buildings, anganwadi centres and hostels and shift occupants to safer locations. Information on damage to crops, public property, roads and bridges caused by rain should be submitted within 24 hours,” he said.

Mr. Shariff directed all tahsildars to establish round-the-clock control rooms at the taluk level and deploy staff immediately to respond to emergencies arising out of heavy rains and flooding.

SIR exercise to begin in Kalaburagi on June 20

The Hindu Bureau
KALABURAGI

Deputy Commissioner and District Election Officer Ikram Shariff on Tuesday appealed to political parties, their representatives and the general public to cooperate with the Special Intensive Revision (SIR) of electoral rolls to facilitate the preparation of a clean and error-free voters’ list in Kalaburagi district.

Addressing a press conference here, Mr. Shariff said the Election Commission of India had announced the schedule for the SIR of electoral rolls in Karnataka as part of the third phase of the exercise. The process in Kalaburagi district will commence on June 20.

He said the revision would be undertaken with October 1, 2026, as the qualifying date. Training of election personnel, preparatory activities and printing work will be carried out from June 20 to 29. Booth Level Officers (BLOs) will conduct door-to-door visits and collect information from voters between June 30 and July 29. Rationalisation of polling stations will also be undertaken during the same period.

The draft electoral roll will be published on August 5. Objections and claims will be received from August 5 to September 4. All objections will be disposed of by October 3, following which the final electoral roll will be published on October 7, he said.

Kalaburagi district’s electorate comprises 23,73,909 voters. There are 11,89,398 men, 11,84,171 women and 340 of the third gender. A total of 2,400 polling stations have been established across the district.

A BLO has been appointed for every polling station, while 275 BLO supervisors have been designated to oversee the work done by BLOs, he said.

The District Election Officer said political parties had already been instructed to appoint Booth Level Agents to assist in booth-wise purification and mapping of electoral rolls.
