

Youth from Kaziranga promotes bamboo bottles as plastic alternative

Assam Rising, Nagaon, May 22: Chandan Nath, a young man from Kaziranga, is working to give Assamese bamboo bottles global recognition. Known as the “Bambooman”, he makes

bamboo containers called 'Kaziranga bamboo bottles' as an alternative to plastic bottles. The bamboo bottles are popular with both Indian and foreign tourists visiting Kaziranga National Park.

Tourists use them to drink water, take photos and selfies, and carry them home as souvenirs from Assam. For several years, Chandan Nath has been supplying these bamboo bottles to

tourists. Visitors say they feel happy using the eco-friendly bottles and enjoy the different taste of water from bamboo. Many are impressed by the effort to reduce plastic waste in the UNESCO World Heritage Site. Several well-known people have also taken the Kaziranga bamboo bottle from Chandan Nath. These include Bollywood actor Ayushmann Khurrana and former US Ambassador to India Kenneth I Juster. Through his work, Chandan Nath hopes to remove plastic bottles from Kaziranga and establish Assam’s bamboo bottles at an international standard.

Assam Approves Second Emergency Landing Facility on NH-27 in Nalbari to Boost Strategic Preparedness

Assam Rising, Nalbari, May 22: The Nalbari district administration has approved the construction of a 5-kilometre Emergency Landing Facility (ELF) along National Highway 27, paving the way for Assam’s second such infrastructure project aimed at strengthening strategic capabilities in the Northeast region.

Officials said the proposed facility will transform a section of the highway between Tihu and Madhapur into an auxiliary runway designed to support both military transport aircraft and civilian commercial flights during emergency situations.

The project is intended to serve as an alternative logistics and operational base during national security contingencies, natural disasters and other emergency situations requiring the rapid movement of personnel and critical supplies.

Authorities stated that the proposed runway will be developed according to military operational standards and will include reinforced infrastructure capable of supporting heavy aircraft operations.

The National Highways Authority of India is working in coordination with local authorities to implement zoning measures and maintain designated no-construction areas along the approach corridors to ensure operational safety and smooth aircraft movement.

The initiative follows the operationalisation of Assam’s first emergency landing facility near Dibrugarh and forms part of broader efforts to enhance India’s strategic infrastructure and emergency response preparedness across the Northeast.
