

Rain effect: Fishing boats anchored on the Valiathura coast in Thiruvananthapuram on Thursday after the southwest monsoon sets over Kerala. PTI

Southwest monsoon begins in Kerala on a stormy note

The Hindu Bureau
THIRUVANANTHAPURAM

The southwest monsoon that set in over Kerala after a delay of around three days after the normal onset date on June 1 has begun on a stormy note, with parts of Kerala, especially central Kerala, receiving some intense spells of rain powered by a combination of weather systems, including multiple cyclonic circulations and a trough that runs from Marathwada to the Southwest Arabian Sea across Konkan and Goa.

However, the monsoon flow is likely to be weak during the remaining part of June after an initial surge as per the climate model of various agencies. The India Meteorological Department (IMD) has issued an orange alert for eight districts from Ernakulam to Kasaragod on Friday, warning of very heavy rains, and the rest of Kerala has been put on a yellow alert where isolated heavy rains are likely.

On Saturday as well, an orange alert has been issued across the State except in Thiruvananthapuram, Kollam, and Alappuzha, where a yellow alert has been issued. The intense spell of rain is likely to continue until the first of the next week, and there will be a reduction in rainfall activity from next week, according to the latest update.

sued across the State except in Thiruvananthapuram, Kollam, and Alappuzha, where a yellow alert has been issued. The intense spell of rain is likely to continue until the first of the next week, and there will be a reduction in rainfall activity from next week, according to the latest update.

Highest rainfall
Meanwhile, Palluruthy in Ernakulam recorded the highest rainfall of 9 cm during the 24 hours ending at 8.30 a.m. on Thursday, followed by Kochi, Cherthala in Alappuzha, and Mattanchery in Ernakulam with 8 cm each, and Kottayam and Vaikom in Kottayam with 7 cm each. Fishermen are advised not to venture into the sea off the coast of Kerala, Karnataka, and the Lakshadweep area as squally weather is forecast with wind speeds of 40-50 km/h and gusting to 60 km/h along and off the Kerala and Karnataka coasts and over the Lakshadweep area.

T.N. govt. signs ₹18,600-crore pact with L&T for investments

Memorandum of Understanding covers three projects that are expected to generate around 8,200 jobs. They include data centre in Kancheepuram at an investment of ₹15,000 crore

The Hindu Bureau
CHENNAI

A Memorandum of Understanding (MoU) was signed between the Tamil Nadu government and Larsen & Toubro Limited, in the presence of Chief Minister C. Joseph Vijay, at the Secretariat in Chennai on Thursday for implementing three projects entailing an investment of ₹18,600 crore and employment for 8,200 people.

The projects covered under the MoU include a Hyperscale and Edge AI data centre in Kancheepuram district at an investment of ₹15,000 crore,

Development push: Chief Minister C. Joseph Vijay at the signing of the MoU in Chennai on Thursday.

which is expected to generate 500 jobs; an electronics manufacturing hub in Coimbatore at an investment of ₹2,500 crore, which is expected

to create 2,000 jobs; and offshore wind infrastructure at Kattupalli in Tiruvallur district at an investment of ₹1,100 crore, which is expected to pro-

vide employment to 5,700 people.

According to an official press release, the Chief Minister appreciated the company's continued investments and strong industrial presence in Tamil Nadu, and welcomed its proposal to implement three projects across various sectors in the State.

The implementation of these projects is expected to create both direct and indirect employment opportunities for the youth, and contribute to the State's economic growth, the release said. This is the first MoU signed in the industries sector since the Vijay-led government assumed office.

Four children drown near Ongole in A.P.

The Hindu Bureau
ONGOLE

Four boys, including three siblings, drowned in a pond near Ongole in Andhra Pradesh on Thursday. Their bodies were retrieved by the police and National Disaster Response Force (NDRF) personnel.

According to police, the deceased were aged between 10 and 14 years. All were residents of Cheruvu Kommu Palem village of

Prakasam district. "Acting on the complaint lodged by the parents and the family members, the police launched a search operation, along with the NDRF teams. After four hours of search, they retrieved the bodies from the pond," a police officer said.

Social Welfare Minister Dola Sree Bala Veeranjanya Swamy spoke to the District Collector and Superintendent of Police about the case.

Karnataka CM moots unique 'secretariats'

The Hindu Bureau
BENGALURU

Karnataka's new Chief Minister D.K. Shivakumar on Thursday held a meeting with senior officials and announced that his government will set up two exclusive secretariats, one for addressing public grievances and another to handle issues related to NRIs.

Mr. Shivakumar said the proposed secretariat for handling public grievances

would be headed by a Minister. It will mainly look into the demands of organisations and associations that stage protests. The secretariat will hold meetings with representatives of protesting organisations, examine if their demands were justified and look into addressing them.

Appropriate changes would also be made to relevant laws to facilitate NRIs to invest in Karnataka, he added.

Air Quality Code: Red Poor Yellow Moderate Green Good (Readings indicate average AQI)

SO₂: Sulphur Dioxide. Short-term exposure can harm the respiratory system, making breathing difficult. It can affect visibility by reacting with other air particles to form haze and stain culturally important objects such as statues and monuments.

NO₂: Nitrogen Dioxide. Aggravates respiratory illness, causes haze to form by reacting with other air particles, causes acid rain, pollutes coastal waters.

CO: Carbon monoxide. High concentration in air reduces oxygen supply to critical organs like the heart and brain. At very high levels, it can cause dizziness, confusion, unconsciousness and even death.

PM_{2.5} & PM₁₀: Particulate matter pollution can cause irritation of the eyes, nose and throat, coughing, chest tightness and shortness of breath, reduced lung function, irregular heartbeat, asthma attacks, heart attacks and premature death in people with heart or lung disease.
