Pulwama planner Burhan killed by unknown gunmen in POK

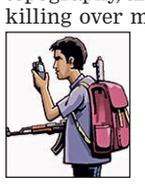
In a big blow to the anti-India terror network operating from across the border, Arjumand Gulzar Dar — one of the masterminds of the 2019 Pulwama terror attack that killed 40 CRPF personnel, and a designated terrorist wanted under UAPA — was shot dead by unidentified gunmen in Pakistan-occupied Kashmir (POK) Thursday, reports **Rajshekhar Jha.**

Known by aliases "Hamza Burhan" and "Doctor", the Al-Badr commander, 27, was killed on the spot outside a school in Gojra, Muzaffarabad, when bike-borne men fired multiple rounds at him. He suffered three gunshots to the head. Locals uploaded videos on social media showing blood and brains spilled on the street.

Burhan, who became a part of the terror apparatus while pursuing a degree in medicine, was camouflaged as the "principal" of higher secondary school AIMS in Gojra by ISI to carry out terror activities.

He was in-charge of at least seven terror launchpads, and AK-47 wielding men were part of his security detail, sources said.

It is suspected that local hitmen, aware of the area's topography, are behind the killing over monetary dispute. The incident is the latest in a series of mysterious "drive-by-killings" targeting high-value terrorists on India's "wanted list" sheltered in Pakistan and PoK.



In the 2019 attack, Jaish-e-Mohammed terrorist Adeel Ahmed Dar rammed an explosive-laden vehicle into a convoy on Jammu-Srinagar highway at Lethpora in Pulwama district, killing 40 CRPF personnel. It prompted major retaliatory strikes by India on terror establishments in Pakistan.

In April 2022, the Union home ministry had officially designated Burhan an individual terrorist under the stringent UAPA after investigators established his direct involvement in orchestrating the Pulwama attack. He had facilitated critical supply of explosives and grenades to the executioners and helped mapped routes and date of strike. Burhan's elimination marks the end of a high-profile terror career that deeply impacted security dynamics in J&K.

Born and raised in the Ratnipora area in Pulwama district, Burhan allegedly held an MBBS degree, which earned him the moniker "Doctor". In 2017, he fled India for Pakistan under the pretext of pursuing higher medical studies.

However, upon arrival, he actively joined banned terrorist organisation Al-Badr, where his combination of formal education and tactical acumen allowed him to rapidly rise through the ranks to become a top commander, sources said.

At meet with PM, ministries list reforms undertaken

▶Continued from P 1

Modi said there was need to forge ahead without looking back, those present in the meeting told TOI.

The West Asia crisis, which has resulted in an energy shock – with prices rising and supplies, particularly of gas, shrinking – has put pressure on the rupee, which can stoke inflation in coming days. The govt is keen to not just address supply issues but also initiate measures to strengthen the economy. Further reforms are seen to be a key element of the strategy, which will help win back portfolio flows and also boost domestic manufacturing, a key element of the self-reliance plank.

A person present at the meeting in Seva Teerth said the PM suggested encouraging production of biogas at a time when several households are grappling with supply constraints for cooking gas cylinders.

Modi also asked ministers and officers to expedite completion of all delayed works and avoid any unnecessary controversies

The issue had also come up at the last meeting of the informal Group of Ministers (iGoM) headed by defence minister Rajnath Singh.

Apart from Gauba, nine ministries and departments, including agriculture, environment and forests, commerce, corporate affairs, health, power, road transport and DPIIT, made presentations on reforms undertaken by them. Cabinet secretary T V Somanthan made an overall presentation on reforms undertaken by other ministries.

Modi also asked ministers and officers to expedite completion of all delayed works and avoid any unnecessary controversies, while instructing them to ensure that files are processed faster so that there is no delay in decision-making. It's learnt that there was a mention of departments which reported faster processing of files.
