

Hyderabad residential registrations rise 11 pc MoM in July: Knight Frank

Hyderabad, Aug 20 (FN Representative)

Residential property registrations in Hyderabad rose 11 per cent month-on-month (MoM) in July 2026 to 6,166 units, indicating a stabilisation in the market following fluctuations in the previous two months, according to Knight Frank India's latest assessment report released on Wednesday . The registrations were marginally higher by 1 per cent year-on-year (YoY). In terms of value, residential properties worth Rs 4,447 crore were registered during July, registering a 7 per cent increase both YoY and MoM, the report revealed. The sequential improvement in July indicates that registration activity has largely normalised following the surge in May and subsequent correction in June associated with the revision in guidance values, the report said. During January-July 2026, Hyderabad recorded 44,158 residential property registrations, up 4 per cent YoY. The total value of registered properties increased 6 per cent YoY to Rs 30,847 crore, indicating sustained underlying demand and continued momentum in the residential market. The Hyderabad residential market covers four districts — Hyderabad, Medchal-Malkajgiri, Rangareddy

and Sangareddy — and includes transactions from both primary and secondary markets. Registrations of homes priced above Rs 1 crore and those priced between Rs 50 lakh and Rs 1 crore increased 5 per cent YoY in July, while registrations in the below Rs 50 lakh category declined 3 per cent, the report stated. The premium housing segment accounted for 20 per cent of total registrations in July, compared with 19 per cent a year earlier. In terms of transaction value, its share increased to 50 per cent from 48 per cent. The below Rs 50 lakh segment remained the largest contributor to registration volumes, accounting for 54 per cent of total registrations, though its share declined from 56 per cent in July 2025. The Rs 50 lakh-Rs 1 crore segment accounted for 26 per cent of registrations. Knight Frank India Chairman and Managing Director Shishir Bajjal said July's registration trends indicated that Hyderabad's residential market had moved into a more stable phase after the volatility witnessed in the previous two months. The 5 per cent YoY growth in both

premium and mid-segment registrations, along with a 10 per cent increase in transaction value for homes priced above Rs 1 crore, highlighted continued buyer confidence and the depth of demand in the market, he said. With registrations up 4 per cent and transaction values rising 6 per cent during January-July 2026, the underlying residential market continued to demonstrate resilience, supported by a strong employment base and sustained end-user demand, Bajjal said. Properties measuring between 1,000 and 2,000 sq ft accounted for 66 per cent of total registrations in July 2026, compared with 68 per cent in July 2025. Units measuring 500-1,000 sq ft accounted for 15 per cent of registrations, while properties in the 2,000-3,000 sq ft category accounted for 13 per cent. Properties larger than 3,000 sq ft constituted 4 per cent of total registrations. While referring the districtwise, it said Rangareddy accounted for the largest share of residential registrations at 43 per cent in July, followed by Medchal-Malkajgiri at 42 per cent. Hyderabad district accounted for 15 per cent of the total registrations. The July data indicates a return to more stable registration activity, with demand in the mid and premium housing segments supporting the overall residential market, the report added.
