WORLD

U.S. TARGETS INDIA, 40 OTHER NATIONS IN CHINA EXPORT TRANSHIPMENT CRACKDOWN

WASHINGTON: A new report by the White House Office of Trade and Manufacturing Policy on Thursday accused more than 40 countries of helping Chinese exporters evade US tariffs by routing goods through third-party territories, relabelling them, or falsely claiming a non-Chinese country of origin, a practice it called the "Great Transhipment Scam".

The report categorises the 40-plus nations into three tiers. India is placed in Tier 1 ("Diversified Scale Leaders") alongside major economies like Canada, the EU, Israel, Japan, Mexico, South Korea, and Taiwan.

Tier 2 ("Significant Economic Integration with China") includes Brazil, Indonesia, Malaysia, Thailand, Turkey, and Vietnam, while Tier 3 ("Small, Opportunistic Targets") includes Bangladesh, Cambodia, the Philippines, Singapore, Sri Lanka, and the UAE. **ANI**

INDIAN STABBED TO DEATH IN GERMANY

HT Correspondent

letters@hindustantimes.com

NEW DELHI: A 25-year-old man from Kurukshetra in Haryana was allegedly stabbed to death in Frankfurt, Germany, by a group of three men on Tuesday, his family said on Thursday.

The motive of the murder is yet to be ascertained. The man, who was identified as Vishu Sharma, last spoke to his family on Monday.

Vishu's father Neeraj Sharma, who works at a jewellery shop, said: "We did not hear from him on Tuesday and learnt of his death on Wednesday morning from his roommate Gaurav. He said Vishu had injuries on his body. After some time, Gaurav switched off his phone. Then, "we sent one of our relatives living in Germany to the hospital to identify him", Vishu's father said.

'Under Iran's control': Basij chief dismisses Trump's strait claims

Reuters & AFP

letters@hindustantimes.com

DUBAI: The Strait of Hormuz is "under Iran's control and management", the recently appointed head of Iran's Basij paramilitary unit said on Thursday, a day after US President Donald Trump said the United States had "total control" of the strategic waterway.

Hossein Taeb said the US had sought to disrupt what he described as the Islamic Republic's popularity in the region by launching another war in the Strait of Hormuz, but had once more been defeated despite claiming Iran had neither an air force nor a navy.

"Today you see that the Strait of Hormuz is under the management and control of the Islamic Republic," Taeb said, according to the semi-official Fars news. He added that Iran was continuing on its course in complete security.

After the start of the war, which began with US-Israeli strikes on Iran on February 28, Tehran effectively shut the strait, through which a fifth of the world's oil and liquefied natural gas was previously shipped.

The US subsequently imposed a naval blockade on Iranian shipping and ports, while saying it would protect freedom of navigation for vessels travelling to and from non-Iranian ports.

Iran's joint military command, Khatam al-Anbiya Central Headquarters, said later on Thursday that no vessel could transit the Strait of Hormuz without Tehran's permission.

"The baseless claims made by the United States regarding the normal passage of vessels through the Strait of Hormuz ... are nothing more than lies and falsehoods," the command said in a statement published by state media.

Dark oil residue collects in shallow coastal waters on Qeshm Island, Iran, on Thursday amid ongoing wartime attacks on vessels and infrastructure in and around the Strait of Hormuz. AP

IRAN'S GOVT DEMANDS COMPENSATION OVER HORMUZ OIL SPILL

PARIS: Iran warned on Thursday of environmental degradation in the Strait of Hormuz after an oil spill reached its southern Qeshm island, calling for compensation from those responsible.

Foreign ministry spokesman Esmaeil Baghaei said the slick had "degraded the waters" of the Gulf and Sea of Oman, claiming "preliminary evidence indicates a foreign bulk carrier as the source".

Baghaei said about 32,000 square metres of coastal area had been affected along with waters covering 90,000 square metres. **AFP**

'US can maintain Iran blockade indefinitely'

The US military has enough assets to maintain a naval blockade of Iran indefinitely, defense secretary Pete Hegseth said in Panama on Thursday, adding ships could be rotated in and out of the region as needed.

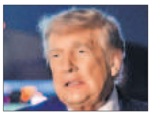
"Indefinitely the United States Navy can maintain a blockade like that because we'll rotate ships in and out, as we have, and we'll continue to," Hegseth told reporters.

US sending another aircraft carrier to Middle East

The US is sending the aircraft carrier USS George Washington to the Middle East to replace the USS Abraham Lincoln, the Wall Street Journal reported on Thursday.

Congressional Democrats demanded answers on Wednesday about conditions aboard the Lincoln, following reports of food shortages, broken plumbing and mental health crises during the aircraft carrier's record-setting deployment with few port calls. The Lincoln began a scheduled deployment in November and was redirected to the Middle East in January ahead of the Iran-US war.

The USS George Washington, based in Japan, has been operating in the Pacific in recent weeks. It transited the Strait of Malacca alongside guided-missile destroyers this week.



Donald Trump REUTERS

'CIA DOUBTED ISRAELI INTEL ON TRUMP ASSASSINATION THREAT IN TURKEY'

HT Correspondent & Reuters

letters@hindustantimes.com

NEW DELHI/DUBAI: US intelligence officials had low confidence in an Iranian assassination threat against US President Donald Trump before he was secretly moved to an alternate aircraft while departing Turkey after the Nato summit last month, according to a report by The Washington Post.

The assassination threat was reportedly relayed to the CIA by Israel, but agency analysts did not consider the intelligence compelling and communicated their reservations to officials in the Trump administration. One US official described the reports of threats against Trump's life "Israeli-derived, not US-generated, and viewed as low confidence".

Despite doubts over the credibility of Israeli intelligence inputs, the US Secret Service proceeded with an elaborate security operation to ensure Trump's safe departure from the Nato summit in Ankara on July 8.

Iran's media mocks Trump

Iran's state media has mocked Trump after new details emerged about his secret aircraft switch during a visit to Turkey, saying it showed just how nervous he is about the Islamic Republic's power.

"Again, Trump, with his new scandal, has become the top subject in the US media these days. A scandal stemming from fear of Iran's military power, a power that caused Trump, last month, while returning from Turkey, to secretly switch his plane," said a presenter on state television, adding that the episode has become a source of "humiliation" for Trump.

Bangladesh curbs power usage amid gas shortages

Reuters

letters@hindustantimes.com

DHAKA: Bangladesh is intensifying electricity-saving measures as the country grapples with gas shortages, power cuts and the broader fallout from the Iran war crisis.

Under a government directive that took effect on Thursday, shops, markets and shopping malls must close by 8pm (local time), one hour earlier than previously. Commercial establishments are now permitted to operate only between 11am and 8pm, while hospitals, pharmacies and food-related businesses are exempt.

The move comes as natural gas shortages continue to constrain power generation. Limited gas supplies have reduced electricity generation, leaving the national grid facing a shortfall of several hundred megawatts during peak hours and triggering load-shedding in different parts of the country.

The situation has been aggravated by the Iran crisis, which has disrupted energy markets and increased volatility in global fuel and LNG prices.

Bangladesh, increasingly reliant on imported LNG as domestic gas production declines, is vulnerable to supply disruptions and rising import costs. A recent outage at an LNG terminal further strained supplies, temporarily reducing gas flows to the national grid.

US to supply LNG

Bangladesh is turning to the United States for a long-term liquefied natural gas (LNG) supply deal as it seeks to shore up energy supplies amid disruptions in global gas markets.

The government on Wednesday approved the purchase of 117 LNG cargoes from US-based Gunvor between 2026 and 2038 under a state-to-state agreement, alongside eight cargoes from other international suppliers through direct procurement. Under the US deal, Bangladesh will buy five cargoes in 2026, six in 2027 and six in 2028. Three of the 2028 cargoes, along with all cargoes in 2026 and 2027, will be priced at the Japan Korea Marker (JKM) index plus 8.75 cents per million British thermal units (mmBtu).

The remaining three cargoes in 2028 and 10 cargoes a year from 2029 to 2038 will be priced at 121% of the US Henry Hub benchmark plus $5.20 per mmBtu.

Ruling party nominates Mirza Fakhrul as presidential candidate

DHAKA: The ruling Bangladesh Nationalist Party (BNP) on Thursday nominated its secretary-general Mirza Fakhrul Islam Alamgir as its candidate for the country's presidency, setting the stage for his election as the next head of state.

The presidential election will be held on August 20.

The 78-year-old veteran politician resigned as BNP secretary-general and from its highest policy-making standing committee after being nominated, senior joint secretary-general Ruhul Kabir Rizvi announced.

Mirza Fakhrul Islam Alamgir GETTY IMAGES

The nomination was announced after a meeting of senior BNP leaders with Prime Minister Tarique Rahman, who is also the party chairman, at the Prime Minister's Secretariat. **PTI**

Jury awards $29mn damages to Boeing 737 MAX victim's family

NEW YORK: A Chicago jury awarded $29 million in damages to the family of an Irish-born UN employee who died in a 2019 Boeing 737 MAX Ethiopian Airlines crash. The civil suit was filed by Naoise Connolly Ryan, widow of Michael "Mick" Ryan, an engineer with the World Food Programme. **AFP**

Japan protests Prez Putin's first visit to disputed islands

MOSCOW: President Vladimir Putin visited Russia's far-eastern Kuril islands for the first time on Thursday, prompting protests by Japan which also claims the territory. Russian-Japanese relations have been dogged by the contested islands, known in Japan as Northern Territories and seized by the Soviet Union in 1945. **AFP**

Trump sued over sale of access to his Truth Social posts

NEW YORK: Two US media groups have sued President Donald Trump over his move to charge for early access to his often market-moving Truth Social posts. The lawsuit, filed in New York by The Intercept and Freedom of the Press Foundation, states that the scheme is "corrupt and unconstitutional". **AFP**
