Police cannot interfere in civil disputes, rules HC

EXPRESS NEWS SERVICE
@ Vijayawada

THE HC has made it clear that police cannot interfere in civil disputes, including land and property disputes, particularly when related cases are pending before civil courts. The court said police have no authority to determine the civil rights of citizens, which falls within the jurisdiction of civil courts and other competent legal forums.

Justice Kuncham Maheshwara Rao issued ruling while hearing seven petitions alleging police interference in civil disputes despite cases being pending before civil courts in various districts.

The judge said the role of police was limited to registering and investigating cognisable offences and filing a chargesheet or report before the competent court. The courts, and not the police, should adjudicate such cases, he said.

The court directed the police to implement guidelines issued by the Director General of Police on October 24 last year regarding non-interference in civil disputes.

The judge observed that police interference in civil matters could lead to complications. Though executive magistrates at mandal, divisional and district levels have powers to maintain law & order, such powers should not be exercised once issue comes under jurisdiction of civil court.

The court noted that Andhra Pradesh has 166.18 police personnel per one lakh population, against the United Nations recommendation of 222. It stressed the need for clear boundaries between the functions of the judiciary and police.

However, police can take action if there is evidence of a cognisable offence. Parties must approach civil courts or other competent legal forums to protect their rights.

ECRF dam works need caution, says PPA CEO

Sanjeev Vohra says PM Narendra Modi & CM Naidu are closely monitoring the progress of the Polavaram project

EXPRESS NEWS SERVICE
@ Vijayawada

POLAVARAM Project Authority (PPA) Chief Executive Officer (CEO) Sanjeev Vohra has directed officials to exercise utmost caution during the ongoing construction of the Earth-cum-Rock Fill (ECRF) dam at the Polavaram project, in view of the recent rains.

Vohra inspected the ECRF dam construction area on Friday night following rainfall in the project area. He examined the strength of the work completed so far by having a road roller operated at the construction site and expressed satisfaction with the progress.

He inspected Gaps 1 and 2 and G-Hill on foot and reviewed the ongoing filling works at the

dam site. As the gaps are being progressively filled with rock, soil and sand, he instructed officials to ensure regular compaction with road rollers to maintain the required strength and stability of the structure.

Vohra viewed the ECRF construction from G-Hill along with officials. Earlier, he held a review meeting with Water Resources Department officials at the project office. The meeting was attended by PPA Deputy Director Ravi, Water Resources Department Engineer-in-Chief K Narasimha Murthy, Superintending Engineer P Ramachandra Rao, Quality Control Chief Engineer Seshubabu and others.

Officials of the Water Resources Department, along with representatives of Megha Engineering and Infrastructures Limited (MEIL), the agency executing the project, briefed the PPA CEO on the progress of various works. MEIL General Manager A Gangadhar, Deputy General Manager Murali Pammi and G Shankaraiah were among those present.

Vohra said the project should be completed within the stipulated schedule and assured the officials and the construction agency that the Union government would extend all necessary support. He said both the Union and State governments were committed to completing the project.

He asked officials and the construction agency to bring any difficulties encountered during construction to his notice immediately so that necessary steps could be taken to resolve them.

Vohra said PM Narendra Modi and Chief Minister N Chandrababu Naidu were monitoring the progress of the project. He said he would continue to visit the project site regularly to review the progress of construction. He also directed officials to make necessary arrangements in view of a visit by a team of foreign experts to the project later this month.

Youth slits throat of lover, ends life by jumping from building in Vijayawada

EXPRESS NEWS SERVICE
@ Vijayawada

A 22-year-old youth allegedly killed his lover by slitting her throat and later died by suicide by jumping from a nearby building on Saturday. The deceased were identified as Mahalakshmi and M Chinnarao.

It happened at New Rajarajeswaripet under Ajit Singh Nagar police station limits and the police sent the body to GGH for postmortem.

According to police, Mahalakshmi and Chinnarao had been in a relationship for some time. When Chinnarao reportedly developed suspicions about Mahalakshmi's conduct, it led to disputes between the duo and also in their respective families.

Following quarrels, Mahalakshmi is said to have distanced herself from Chinnarao. Angered by her decision to end their relationship, Chinnarao allegedly tried to meet her at her workplace and pestered her demanding to marry him.

When the girl expressed her unwillingness to marry him, Chinnarao, barged into girl's house and attacked her with a knife when she was alone.

Mahalakshmi sustained serious injuries, with the accused allegedly stabbing her at three places, including neck. She was found lying in a pool of blood and was shifted to a hospital.

However, her condition deteriorated and she succumbed to her injuries while undergoing treatment, police said.

Soon after attack, Chinnarao reportedly went to the top of an adjacent building and jumped from it, in an attempt to end his life. He sustained critical injuries and died.

Upon learning about the incident, police reached the spot and began an investigation into the circumstances leading to the incident. Police are collecting details about their relationship. Further probe is on.
