{ BUDGAM ENCOUNTER }

Killed LeT terrorist was ex-Pak army commando

Was a close associate of Suleman Shah, believed to be the Pahalgam terror attack mastermind

Mir Ehsan
letterschd@hindustantimes.com

SRINAGAR: A top terrorist of the banned Lashkar-e-Taiba killed in a gunfight in the higher reaches of central Kashmir's Budgam district on Tuesday was a retired havildar from the Pakistan Army's elite Special Services Group (SSG), who once served in former president Pervez Musharraf's security detail, officials said on Wednesday.

Mohammad Asif alias Hashim Musa alias Fuji was a close associate of Suleman Shah, described as the main architect of the Pahalgam terror attack that left 26 people dead.

Suleman was killed along with two other militants on the city outskirts, and his killing was announced by Union home minister Amit Shah in the Lok Sabha, saying that he was responsible for the Pahalgam attack. Musa was killed in a joint operation by the Army and other security forces in the higher reaches of Korag, Yousmarg, late Tuesday night.

Security officials said he had been involved in high-profile attacks, especially in the last three years, which saw a surge in targeted ambushes and strikes against both military personnel and civilians.

Mohammad Asif alias Hashim Musa was also part of former president Pervez Musharraf's security detail, officials said. HT

Entered J&K in 2021

He infiltrated into Jammu and Kashmir in 2021 and was serving as the LeT's chief operations commander in the region.

His killing concluded an intensive five-year hunt but also rendered the Pakistan-based terror group leaderless in the region, officials said.

Musa had recently crossed from Poonch into Budgam district and was moving through dense forests after his accomplice Yasir was killed earlier this month.

Yasir was killed in that encounter in the Yousmarg heights on September 5; Musa managed to escape.

An army spokesman on Wednesday said that after an encounter, a search operation was carried out early in the morning.

"The body of the terrorist was recovered along with war-like stores," he said.

Sources said that Musa was part of a group of four who had carried out several attacks in the Jammu region and later crossed into the Valley and got scattered into two groups.

During his 23-year tenure with the Pakistani military, Asif spent 18 years in the SSG. Between 2006 and 2008, he was deputed to the security detail of former Pakistan president Pervez Musharraf. During his service, he underwent specialised VVIP protection training in the United States and completed medical courses with US Special Forces, officials said.

Following his retirement from the army, Asif, whose service number was PA-3106947, was handpicked by terror handler networks initially to train cadres before being infiltrated into Jammu and Kashmir to lead LeT operations, the statement added.

'Killing deals major blow to terror network'

The Union home ministry said that security forces were pursuing Musa for long, and recently a specific all-stakeholder plan for his neutralisation was put in place after technical and human intelligence about his movement and presence were received. Terming the operation a breakthrough, officials said that Musa was directly involved in over a dozen major strikes against security personnel and civilians.

These included the Hallan attack in Kulgam on August 4, 2023, the Dera Ki Gali ambush in Poonch on December 21, 2023, the Indian Air Force convoy attack on May 4, 2024, in Shastar, Poonch, and the Army convoy attack on October 24, 2024, in Buta Pathri, Gulmarg, which claimed the lives of 12 soldiers, the statement said.

"Neutralisation of Musa is a serious blow to the LeT ecosystem in the UT of J&K. With Musa's killing, the entire group of four senior LeT Commanders operating in the UT since 2022, and responsible for sensational attacks, stands neutralised," the statement said.

The statement said the three other members of the group were killed by security forces in separate encounters — Junaid Bhat on December 3, 2024, in Dachigam; Suleman Shah on July 28, 2025, in Operation Mahadev; and Yasir on September 4, 2026, in Operation Asdhar.

With inputs from Agencies

NALAGARH: 2ND GRENADE FOUND, COUPLE ARRESTED

HT Correspondent
letterschd@hindustantimes.com

SHIMLA: Police have arrested a local couple following the recovery of another hand grenade on Wednesday from a field adjacent to their house in Deoli village, situated within the Nalagarh sub-division of Solan district.

The accused have been identified as Rashid Mohammad, alias Bau, a resident of Majra village, and his wife, Kirna.

A Special Investigation Team (SIT) led by the deputy superintendent of police (DSP) of Nalagarh has been constituted to conduct a comprehensive inquiry into the case.

Police had gone to Majra village after a violent clash broke out between two rival groups on Monday night fueled by a longstanding financial and land dispute. Following the confrontation, cross-cases were registered at the Nalagarh police station based on official complaints lodged by both sides.

During the subsequent inquiry into the clash, police searched the area and recovered a grenade near the premises of one of the accused individuals. This discovery prompted authorities to cordon off the area and launch a thorough search operation with the assistance of a Bomb Disposal Squad.

On Wednesday, a second grenade was discovered during continued searches in a field adjacent to the house of the accused. Officials confirmed that both recovered explosives were safely destroyed by the Bomb Disposal Squad following established safety protocols.

A subsequent search of the accused couple's residence and surrounding territory yielded no further suspicious items.

Baddi superintendent of police, Vinod Dhiman said authorities are investigating the matter. Police are presently conducting detailed interrogations and legal proceedings to ascertain the exact source of the recovered grenades. A case has been registered against the accused under Section 25(1)(a) of the Arms Act and Section 4 of the Explosive Substances Act, 1908, with further investigations currently underway.

{ ₹3,400CR MONSOON-RELATED LOSSES }

HP seeks higher central funds for disaster mitigation

Shailee Dogra
shailee.dogra@htlive.com

PWD has suffered losses of around ₹2,500 crore in this rainy season. HT

SHIMLA: Himachal Pradesh has pegged its monsoon-related losses at around ₹3,400 crore, with damage to roads and bridges accounting for the largest share, as a seven-member inter-ministerial central team (IMCT) led by Union home ministry joint secretary M Ramachandrudu began an assessment tour on September 28.

The state has also sought a substantial increase in central funding for disaster mitigation works.

The state government has sought around ₹3,200 crore from the Centre for the current monsoon losses. The central team has visited areas in Chamba, Kangra and Kullu districts, including Banjar and Sainj, to assess the damage.

Special Secretary, disaster management, Pushpendra Rana said 380 deaths have been reported, including 127 in disaster-related fatalities and more than 200 road accidents.

Interim assessment showed that the public works department (PWD) alone had suffered losses of around ₹2,500 crore, while the jal shakti department reported damage of approximately ₹385 crore, Rana said.

"According to the interim report, the total damage in Himachal Pradesh during this monsoon season is around ₹3,400 crore. The maximum share is in roads and bridges under the PWD, at around ₹2,500 crore. Jal Shakti has also suffered losses of around ₹385 crore," Rana added.

The power department had suffered damage estimated at ₹21 crore, while the education department had reported approximately ₹14 crore in losses. Agriculture-related damage had also been included in the overall assessment.

Rana said the state government had submitted its damage assessment to the Centre and was preparing to present the details before the IMCT.

Rana said the team was scheduled to reach Shimla on Wednesday evening, following which the state government would brief its members about the overall losses caused by the monsoon.

Chief minister Sukhvinder Singh Sukhu is also scheduled to meet the central team, he said.

Meanwhile, revenue, horticulture and tribal development minister, Jagat Singh Negi, sought a substantial increase in central funding for disaster mitigation, saying relief after disasters alone cannot address the recurring risks posed by landslides, flash floods, glacial lake outburst floods and damage to rivers and streams.

"The state needs at least ₹1,000 crore annually from the Centre specifically for mitigation works. Whatever comes through the regular disaster mechanism is only a small part of the losses suffered by the state. We need a special package," he said, adding that the Centre had already approved an advance release of ₹193.95 crore as the second instalment of its share of the State Disaster Response Fund in August 2026.

"The focus should now shift from post-disaster relief to preventive mitigation. Himachal's fragile geology requires significantly larger investments in strengthening riverbanks, drains, flood-prone zones and vulnerable infrastructure," he said. The World Bank has approved a $245-million (₹2,300 crore) resilience project for Himachal Pradesh aimed at strengthening disaster recovery and climate resilience, including resilient infrastructure and early-warning systems.

Monsoon likely to withdraw from HP in coming days: IMD

DHARAMSHALA : The India Meteorological Department (IMD) centre in Shimla announced on Wednesday that conditions are likely to become favourable for the withdrawal of the southwest monsoon from the state over the next two to three days.

This year, the monsoon arrived in parts of Himachal Pradesh on June 30, covering the entire state by July 1.

IMD has predicted dry weather to prevail across the hill state until October 4, with light showers expected on October 5 and 6 at isolated places in the plains and middle hills. No significant change is anticipated in maximum and minimum temperatures over the next four to five days. During the past 24 hours, light to moderate rainfall was recorded at isolated locations across the state. As many as 45 roads remained blocked across the state on Wednesday. Mandi district reported the highest disruption with 28 blocked roads, followed by 6 in Kangra and 5 in Kullu. **HTC**
