Opposition needs 2/3rd majority to remove CEC

Press Trust Of India

NEW DELHI: Gyanesh Kumar is the first Chief Election Commissioner against whom the Opposition has threatened to initiate impeachment proceedings over alleged irregularities in the Special Intensive Revision

(SIR) of electoral rolls.

According to the Constitution and law on the appointment of the Chief Election Commissioner (CEC) and Election Commissioners, a CEC can only be removed by Parliament the way a sitting Supreme Court judge can be impeached. According to the Chief Election Commissioner and other Election Commissioners (Appointment, Conditions of Service and Term of Office) Act, 2023, the CEC or an Election Commissioner may, at any time, submit a written resignation to the President. "The Chief Election Commissioner shall not be removed from his office except in like manner and on the like grounds as a judge of the Supreme Court. The other Election Commissioners shall not be removed from office except on the recommendation of the Chief Election Commissioner," the law said.

Data centres drive sustainable growth

NEW DELHI: A recent webinar by Policy Consensus Centre brought together policymakers, industry leaders, and community voices to underscore how India's rapidly expanding data centre ecosystem is driving economic growth, creating jobs, and advancing the clean energy transition while residents living near these facilities shared firsthand accounts of safe, uninterrupted access to water and healthy living conditions. Experts emphasised that the data-centre ecosystem should be viewed not simply as a technology infrastructure story, but as an important component of India's broader economic and sustainability transition. India's data-centre capacity is projected to expand significantly over the next few years, with industry estimates pointing to 6–6.5 GW of capacity by 2030, alongside substantial investment and demand for specialised talent.
