ED seizes assets worth over Rs 2,000 crore of Reliance Power

New Delhi, Agency: The Enforcement Directorate (ED) Wednesday said it has seized Indian assets worth Rs 2,033 crore belonging to Reliance Power Ltd (RPL), an entity of the Reliance Anil Ambani Group, under Foreign Exchange Management Act (FEMA), for the alleged siphoning of assets worth an equivalent amount to tax havens of British Virgin Islands (BVI) and Cayman Islands.

The attached assets include bank balances of RPL and its shareholding in Sasan Power Limited. "The Headquarter Investigation Unit has seized assets worth ₹2,032.81 crore in India belonging to RPL, which are equivalent to the foreign exchange held outside India in contravention of FEMA," ED said. ED has already attached assets worth thousands of crores of the Anil Ambani group, including his residences in Mumbai, in multiple money laundering cases involving over Rs 40,000 crore.

ED said its investigation into findings of Sebi, pertaining to write-offs/provisions aggregating ₹2,101.46 crore made by RPL in its books of account, had revealed that "these write-offs were related to overseas investments and advances made to companies in the British Virgin Islands (BVI) and the Cayman Islands".

No cancellation of services, cut in metro train trips on October 10, SC told

New Delhi, Agency: Delhi Metro Rail Corporation (DMRC) Wednesday informed Supreme Court that there was no curtailment or cancellation of metro services and no reduction in the number of train trips, with 272 trains operating on Oct 10. "A full complement of 4,157 train trips were conducted on Oct 10 as per schedule across the Metro network," it said, adding that 258 stations, or 85% of the total number of stations, remained fully operational, accessible and functional for commuters.

Following the Supreme Court's Oct 9 order, which disapproved of a complete shutdown of metro services, Delhi Police reviewed its Oct 8 order for entry/exit closure of 57 of 303 metro stations in Delhi on Oct 10, the day of CJP protest, and applied its directive to 45 stations, DMRC said.

'Pakistan needs to look inwards': India questions UN rights body's silence on PoK unrest

New Delhi, Agency: India has asked the UN human rights body when it would issue a report seeking answers from Pakistan on steps taken to address concerns over the situation in Pakistan-occupied Kashmir (PoK), including investigations into killings and restrictions on internet access. First Secretary at the Permanent Mission of India, Anuj Swarup, delivered the statement during an interactive dialogue with the UN High Commissioner for Human Rights at the

81st session of the UN General Assembly's Third Committee on Wednesday. "When can we expect OHCHR to issue a report on the steps taken by the Government of Pakistan on this? Pakistan would do well to look inwards

and reflect on how such rights are not being enjoyed in its large part, including Khyber Pakhtunkhwa, and for that matter, in Rawalakot, which is under its illegal occupation," Swarup said. Swarup referred to detailed statements by

the Office of the UN High Commissioner for Human Rights (OHCHR) and the High Commissioner on the situation in PoK. The statements called for prompt, thorough and impartial investigations into killings allegedly carried out by armed and security forces.

They also urged authorities to ensure that detained leaders of the Joint Awami Action Committee had access to legal representation and their families, and were afforded due process and a fair trial.

SC: Tough PMLA bail conditions can't override accused's right

New Delhi, Agency: SC has said that stringent bail conditions set under special laws such as PMLA cannot override rights granted by the Constitution, holding prolonged incarceration of an undertrial violates the fundamental right to speedy trial.

A bench of Justices Aravind Kumar and Vipul M Pancholi said an accused could not be kept in custody till completion of trial and held that the accused was entitled to bail in case of delay in trial despite the stringent bail conditions under the anti-money laundering law. Section 45 of PMLA prescribes twin conditions for grant of bail.

The PMLA section says no accused shall be released on bail unless the public prosecutor has been given an opportunity to oppose the application for such release, and the court is satisfied that there are reasonable grounds for believing that he is not guilty of such offence and that he is not likely to commit any offence while on bail. The second condition puts the

onus on an accused to convince the court that he is not guilty.

The bench, however, said, "The twin conditions under Section 45 of PMLA cannot override the constitutional safeguards under Article 21 of the Constitution, as has been held in the case of Manish Sisodia vs Directorate of Enforcement. Prolonged incarceration, if allowed to continue, will set at naught the constitutional safeguards extended to accused persons." The court granted bail to an accused who was allegedly involved in money laundering of over Rs 6,210 crore. ED said the accused had created 62 shell companies, 34 people were made dummy directors and 20 com-

panies were manned by his relatives who contributed to the offence. He was arrested in Dec 2024.

Granting him relief, the bench said, "We are of the opinion that the culmination of the trial is a time-consuming process, since the trial court will have to go through documents running into thousands of pages and examine around 98 witnesses. The appellant must not be subjected to the rigours of custody as long as the trial is pending. Hence, the appellant must be released on bail, subject to furnishing of bail bonds to the satisfaction of the trial court and subject to such other terms and conditions as may be imposed by it." The bench admitted that economic offences were very serious as they impacted the financial fabric of the country but said the rights of accused too have to be protected.

India & US nearing a landing point on trade deal: EAM Jaishankar

New Delhi, Agency: India and the US are heading towards a landing point on the trade deal that they have been negotiating for over 18 months, Union external affairs minister S Jaishankar said on Wednesday reviving optimism about the successful conclusion of the ongoing talks soon.

Finance minister Nirmala Sitharaman had suggested earlier this month there was a deadlock in the talks, with both sides reaching a point where it would be difficult to concede any further ground. However, Jaishankar said both sides continued to iron out differences. "I think we are waiting on a few things," he said at the Bloomberg New Economy Forum.

Jaishankar said India's trade minister, the US Trade Representative (USTR) and other officials are engaged in talks to move forward on the bilateral trade agreement. "When countries negotiate with an economy like the US, obviously one part of it is what you work out between yourselves and the

US, and one part of it is how do you fare vis-a-vis competitive economies," he said. "And that part of it is not entirely clear because not everybody has worked out a deal. I think the trade ministers, USTR and our commerce and industry minister are working on that... My sense is that this is an issue which is heading towards a landing point." Earlier this month, USTR Jameson Greer said the US and India were working to finalise the agreement but it was not imminent. Jaishankar also spoke about Washington's new approach to economic engagement. "...That's what the whole tariff debate is about. And the two are connected: access to the American economy and the re-industrialisation of America."
