WOMAN KILLED A 26-year-old woman was killed and three others were injured when an autorickshaw carrying scrap material rammed into a truck parked on a road in Hayathnagar, Hyderabad

RaGa to attend Bharat Summit on Nov 13 or 14

EXPRESS NEWS SERVICE
@ Hyderabad

LEADER of Opposition in the Lok Sabha Rahul Gandhi is likely to attend the Bharat Summit 2026 in Hyderabad on November 13 or 14, TPCC president B Mahesh Kumar Goud said on Tuesday.

Mahesh Goud disclosed that he had invited Rahul to the summit during a meeting with him in New Delhi earlier in the day and the latter agreed to attend on either of the two dates. Rahul had also participated in the previous edition of the summit held in Hyderabad, he recalled.

According to the TPCC chief, Rahul suggested organising a special interaction with gig workers on the sidelines of the summit. Following the Assembly's approval, the Telangana Platform Based Gig Workers (Registration, Social Security and Welfare) Bill, 2026, came into effect in June.

Monsoon boosts plankton biomass

'Biomass reached its highest level of 2.33 grams per cubic meter at Rushikonda in Sept 2022'

USHA PERI @ Visakhapatnam

WHILE monsoon conditions favour a higher abundance of holoplankton along the Visakhapatnam coast, meroplankton biomass peaks during the pre-monsoon season, highlighting how seasonal changes influence the marine food web, according to a study by Andhra University researchers.

The study found that holoplankton biomass reached its highest level of 2.33 grams per cubic meter at Rushikonda in September 2022, while meroplankton recorded its peak of 0.834 grams per cubic meter at Mangamaripeta in February 2023. The contrasting patterns point to the influence of changing environmental conditions and reproductive cycles on different groups of marine organisms. Titled 'Seasonal Biomass and Biochemical Composition of Nearshore Holoplankton and Meroplankton off Visakhapatnam, East Coast of India,' the study was published in the African Journal of Applied Research.

Researchers I Sahoo and R B Kondamudi from the Department of Marine Living Resources, Andhra University, examined plankton samples collected monthly from Fishing Harbour, Rushikonda and Mangamaripeta between June 2022 and May 2023.

Zooplankton form an important link between phytoplankton and larger marine organisms, including commercially important fish. The researchers classified them into holoplankton, which remain planktonic throughout their lives, and meroplankton, which spend only a part of their life cycle in the water column, mainly as larvae.

The study found that holoplankton biomass was highest during the monsoon, followed by the post-monsoon and premonsoon seasons. Meroplankton showed the opposite pattern, recording its highest biomass during the pre-monsoon, followed by the post-monsoon and monsoon seasons. Copepods contributed substantially to holoplankton biomass, while decapod larvae were among the major contributors to meroplankton.

Primary productivity also showed a positive relationship with holoplankton biomass. Rushikonda recorded the highest annual mean primary productivity of 0.077 gCm-2hr-1 (grams of carbon fixed per square meter per hour) and the highest mean holoplankton biomass of 0.623 grams per cubic meter.

However, meroplankton biomass did not follow the same pattern, indicating the influence of other factors, including the reproductive cycles of marine organisms.

Study published in African Journal of Applied Research

Titled 'Seasonal Biomass and Biochemical Composition of Nearshore Holoplankton and Meroplankton off Visakhapatnam, East Coast of India,' the study was published in the African Journal of Applied Research. Preserve amputated leg in Raptadu case: HC

EXPRESS NEWS SERVICE
@ Vijayawada

THE Andhra Pradesh High Court on Tuesday directed the police and the Superintendent of the Government General Hospital, Anantapur, to preserve the leg amputated from Hemanth, the accused in the attack on a Class X student at Raptadu Zilla Parishad High School.

A Division Bench comprising Chief Justice Lisa Gill and Justice Challa Gunaranjan issued the directions while hearing a PIL seeking a CBI investigation into the incident. Hemanth was injured in police firing following his alleged attack on Class X student Gopika with an electric saw. The PIL was filed by Mangalagiri-based advocate Gunda Gopi Krishna. During the hearing, the petitioner sought directions to preserve the amputated leg for further examination. He also sought to implead Education Department officials in the case.

The Bench declined to allow the impleadment, questioning the relevance of the officials to the PIL.

Special Government Pleader S. Pranathi informed the court that Hemanth had been remanded to judicial custody and was undergoing treatment. She said the amputated leg was being subjected to forensic examination as per procedure and sought time to file a counter.

The Bench directed the authorities to preserve the amputated leg and adjourned the PIL to December 13.

HC seeks report on TTD land allotment

EXPRESS NEWS SERVICE @ Vijayawada

THE Andhra Pradesh High Court on Tuesday directed the Tirumala Tirupati Devasthanams (TTD) to submit a status report on the allotment of 20 acres of its land to Swara Hotels Limited, for a proposed hotel project.

Hearing a PIL filed by YSRCP leader Bhumana Karunakar, a Division Bench comprising Chief Justice Lisa Gill and Justice Ch Gunaranjan observed that the decision appeared commercial in nature at first glance and required scrutiny.

The petitioner challenged the transfer of TTD land in Survey No. 588 (A4) at RS Village in Tirupati Urban Mandal to the Tourism Department and its subsequent allotment to Swara Hotels, seeking recovery of the land and its restoration to TTD.
