Massive Fire Destroys Plastic Drum Warehouse in North Guwahati

The Assam Rising, Guwahati , November 12 : A massive fire broke out at a warehouse in Rudreswar, North Guwahati, late Monday night, completely destroying a storage facility containing plastic drums and causing extensive property damage. The incident occurred amid Diwali celebrations, triggering panic among residents of the locality.According to local reports, the warehouse was located on the residential premises of Tapan Bora. The fire reportedly broke out suddenly and spread rapidly due to the presence of large quantities of highly inflammable plastic materials stored inside the facility.The intensity of the blaze was such that the entire warehouse was engulfed within a short period. The flames also spread to an adjoining residential house, causing significant damage to the structure and raising fears of the fire spreading to other nearby buildings.Local residents said the incident took place while people were celebrating the second day of Diwali and bursting firecrackers in the surrounding areas. Some eyewitnesses reportedly heard a sudden explosion before noticing huge flames rising from the warehouse.Residents suspect that a stray firecracker may have entered the warehouse through an open section of the structure and triggered the blaze. However, the exact cause of the fire has not yet been officially established, and confirmation from the authorities is awaited.Following the incident, local residents immediately alerted the fire and emergency services. Several fire tenders rushed to the spot and launched an operation to contain the rapidly spreading flames.Firefighters, assisted by local residents, worked tirelessly for several hours to bring the situation under control and prevent the fire from spreading to other residential properties in the densely populated area.After sustained efforts, the fire was eventually brought under control. The incident, however, left behind extensive damage, with the warehouse completely gutted and the adjoining house also affected.Although an official assessment of the losses is yet to be completed, local representatives have estimated that property worth several lakhs of rupees may have been destroyed in the blaze.Fortunately, no casualties or injuries have been reported so far, providing some relief amid the scale of destruction.Meanwhile, the incident has raised fresh concerns over fire safety during festive celebrations, particularly in areas where warehouses containing inflammable materials are located close to residential buildings. Authorities are expected to ascertain the circumstances leading to the fire and determine its exact cause.

Multiple Fire Incidents During Diwali in Assam's Lakhimpur, Warehouse and Grain Barn Gutted

North Lakhimpur, November 12 : Several fire incidents were reported from different parts of Assam's Lakhimpur district on Sunday evening and night during Diwali celebrations, causing extensive damage to property. Sparks from firecrackers are suspected to have triggered the blazes, which affected a warehouse, a grain-filled barn and a residential house.One of the major incidents occurred in North Lakhimpur town, where a warehouse belonging to Krisgna Cycle Mart was completely gutted in a fire near Shani Mandir, along the Gariajan river embankment. According to reports, the fire broke out in the early evening and is suspected to have originated from sparks generated by bursting firecrackers nearby. The warehouse stored bicycles, spare parts and various accessories. The entire stock, reportedly worth several lakh rupees, was destroyed in the blaze.Following the incident, fire tenders from different fire stations across the district rushed to the location and launched firefighting operations. Firefighters battled the flames for several hours before finally bringing the situation under control.In another incident at Ghahingaon under Dhakuakhana co-district, a barn containing harvested grains was completely destroyed in a fire. The structure, belonging to Rudra Gogoi, along with its entire contents, was reduced to ashes. Preliminary reports suggest that sparks from firecrackers may have triggered the blaze.A separate fire incident was also reported from Block Tiniali in the Narayanpur area, where a residential house belonging to Chandra Kumar Deori sustained damage. Here too, fireworks are suspected to have been responsible for the outbreak of the fire.Although the exact causes of the incidents are yet to be officially established, the suspected involvement of firecracker sparks has raised serious concerns over fire safety during festive celebrations.The incidents disrupted the festive atmosphere in several parts of Lakhimpur, leaving affected property owners facing considerable losses.The multiple fire outbreaks have once again highlighted the potential dangers of bursting firecrackers near residential buildings, warehouses, agricultural storage facilities and other structures containing combustible materials.The incidents also underscore the importance of exercising caution while celebrating festivals to prevent avoidable damage to property and ensure public safety.
